

CHLOR- C

Chlor C is a concentrated Sodium Hypochlorite 13-15 % solution. Product is non-foaming. Chlor C may be used for shelf life extension on fruit and vegetables.

Dilutions

Normally use at 0.1 - 1.0% (1-10ml /Lt) (1:1000 - 1:100) dilution with water depending on application requirements.

A 1% dilution should result in approximately 1300 ppm active chlorine solution.

Use diluted product within 1 day.

Do not mix with other chemicals.

Contact with acids liberates toxic gas.
