

SANS 1853 – Disinfectants, Detergent-Disinfectants
and Antiseptics for use in the food industry,
Permit No: 6981/10346

HAND NP

Hand NP is a foaming, broad spectrum, non-perfumed, Glutaraldehyde (< 0.2 %) based, anti - microbial, type 1, liquid hand soap for general use. Hand NP is suitable for use in Food Processing Plants. It combines excellent microbial killing action with good residual properties. Product pH undiluted is between 5.50 – 6.50

Dilutions

Use undiluted. Wet hands, apply product and lather, and ensure all areas of the hand and wrist are covered. Rinse with warm water. A hand sanitizer may be used as added protection. Hand NP may also be used as a Showergel.

Microbial Efficacy

Bactericidal – Undiluted for 1 minute – No growth detected.

- *Escherichia coli*, *Staphylococcus aureus*, *Pseudomonas aeruginosa*

GHS Identification:

PPE

First Aid

SKIN	EYES	IINHALATION	ORAL
	Rinse cautiously with water for several minutes, remove contact lenses if safe and easy to do so, continue rinsing and get medical attention		Drink Plenty Water
